A million boxes a month. That's the sale of Cascarets. And every day let in a million more. Think what a world of happiness this candy laxative has brought to men and women—also the children. Are you getting your share?

Cascarets cure bowel troubles when they have developed. But their best service is to prevent the many ills that come from inactive bowels. Think of the days when you are not at your best. The mornings when you don't feel right, the afternoons when you are lousy, the evenings when you are irritable. The cause lies in the bowels.

One Cascarets makes everything different. Don't say "I'll take it tonight." Take it at once. Carry a box in your pocket. The hours before bedtime are too good to be wasted. Cascarets are gentle and pleasant. Their action is as natural as the action of fruit on the bowels. They are sold by all druggists at 10 cents per box.
